DETAILED ACTION

Amendment

1. Receipt is acknowledged of the amendment filed on April 4, 2005 (after final), which has
5 been entered. In the amendment, claims 22, 24, 25, 27, 33, 36, and 37 were canceled; claims 23,
26, 30, 34, and 41, were amended; and claims 43-49 were newly added. Currently, claims 23, 26,
30, 34, 35, and 38-49 remain for examination.

Allowable Subject Matter

- 10 2. Claims 23, 26, 30, 34, 35, and 38-49 are allowed.
3. The following is a statement of reasons for allowance: the claims are directed at a method
of inspecting a deficiency of a surface such as a fault or crack. As shown by previously cited
references, applying an ultraviolet light of appropriate wavelength on the surface (on which
fluorescent material was already injected or poured on) would cause the dye to fluoresce. Such
15 method is generally known in the art. However, the cited references, taken alone or in
combinations, fail to suggest or teach a deficiency inspection method wherein chromaticity and
luminance of each position of the image is used to detect a deficiency candidate as set forth in
the claims.

Any comments considered necessary by applicant must be submitted no later than the
20 payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for
Allowance."
